

Educational Principles

Educational Principles

Principle

I: Historical Civilization

Effectively immerses students in the historical, scientific, and cultural bases for contemporary civilization by combining intellectual discovery with critical thinking.

II: Values

Engages students in a discussion of the values that bind together our society in general and the Christian community in particular.

III: General Education

Ensures that students reach the levels of skill in written and oral communication, mathematics, technology, and information literacy necessary to take full advantage of University coursework and that they continue to exercise and enlarge these skills.

IV: Integrating Knowledge

Persuades students of the value of integrating knowledge and forming relationships among courses and between acquired knowledge and new ideas.

V: Responsible Members of Society

Promotes in students the habit of acting on their responsibilities as members of our society and of the world community.

VI: Arts and Religion

Promotes in students the habit of enriching their lives through the arts and religion.

VII: Careers and Further Education

Prepares students for careers or further education.
